Subject: Duke_Energy

Commissioner Fleming,

I am involved in a dispute with Duke-Energy. I live in Campobello and had a main power line drop in my yard causing a lot of damage. Duke-Energy and I disagree about who is responsible for the damage. I will resolve that issue in a court of law. I just wanted you to understand the low opinion that Duke-Energy has of the residents of South Carolina and especially in your district. It would be a travesty to allow them to receive any increase until they become better corporate neighbors. I have attached the letter to this Email if nothing else, you will get a laugh even when you realize it is for real. How can I address the commission so you can hear my frustration with this giant of a company?

CAMPOBELLO, SC 29322

Insured:	Duke Energy Carolinas
Claimant Name:	LOUIS NESPECA
Date of Loss:	02/24/2013
Claim Number:	-

Dear Mr./Ms. NESPECA:

On behalf of Duke Energy, our company is handling your claim. We are writing to update you on the investigation completed by Duke Energy.

Our records indicate that you are inquiring as to whether Duke Energy is responsible for the damages to your property. Our investigation determined that the line has shot we are not sure when it was shot but when the load got on the line then it burned the rest of the way through and caused the line to fall and burn your property. Duke is not responsible for the line being shot but is willing to offer a good will jester of \$500.00

In view of the above, it is our opinion that Duke Energy is not liable for your loss and we must respectfully deny your claim.

We sincerely regret your loss and the inconvenience that you incurred. If you have questions regarding this matter, please feel free to contact me at

Sincerely,
Wendy Geiger
